

CPSC SENIOR CAPSTONE MAJOR-FEATURES CHECKLIST				
<i>The major-features checklist is a list of the broad feature areas, constraints that must be met, and other major items that must be completed for the project to be considered successful. The list of major features should be identified in consultation with your project sponsor and representatives of your target end-user community. The checklist must be initially approved by your project sponsor and faculty advisor. Changes can be made, but must be documented (below) and approved by your project sponsor and faculty advisor.</i>
